THIRTY LEADING MONEY-WINNING HORSES OF 1912

For quite a length of time it appeared that in the racing of 1912 only Star Charter and Helios were to be credited with having won as much as \$10,000, but the racing of this fall has brought about a change in this respect and now The Manager. High Private, Sotemia and Fregless have added their names to the select list of winners of that amount. Given the opportunity in state races, such good ones as Buckhorn, Lochares and Plate Glass could probably also mount upward into the top class, but none of them may do so. It is not easy now to forecast the leader of the year in money won, but if either The Manager or Froglegs should prove able to carry his big weight to victory in the American Grand National Handleap at Laurel tomorrow it would go far in the direction of assuring him that distinction. To date the thirty leading winners are the following excellent racers:

HAMILTON WINS A HANDICAP

JOHN W. SCHORR'S THREE-YEAR-OLD BEATS GOOD OPPOSITION AT LAUREL.

Acton Wins Race in Which Plunge Is Made On Sebago-Three Owners' Consolation Contests

Furnish Exciting Finishes.

Baltimore, Md., October 29.—John W. Schorr farnished the winner of today's feature race at Laurel,
a mile and one-sixteenth handicap, in the threeyear-old Hamilton. Hamilton ran an excellent
race. Outpaced in the early running, he improved
his position in rounding the far turn and, closing
with a rush, got up in the final stride to beat
Carlion G. a head. Cliff Edge, which made all of
the early pace, was third another head away. This
was the best contest of the afternoon.

The third race was third another head away. This
was the best contest of the afternoon.

The third race was third another head away. This

The third race was contest of the afternoon.

The third race was contest of the afternoon.

The third race was contest of the cut in Sebago's olds. He never stopped betting until the
horses were off and, had Sebago won, would have
profited handsomely over his victory. Acton had
the speed to lead from the start and at no time
was the result really in doubt. Sebago labored
after going half a mile and at the finish was drivling to beat Isidora for second money.

Three of the races were owners' consolation affairs, the original race with such conditions having
filled so well that it was split into three parts and
each of the three provided a good contest. Golden
Castle won the first split of it and incidentally he
was the only favorite to score during the afternoon.

Bonnie Eloise and Caliph were the other consolation winners. Caliph bore out in rounding the first
turn and jockey Martin had to strike him repeatedly
across the head to get him back to the inside. At
the end be was quitting, but he lasted to beat
Beach Sand a head.

After the running of the handicap there was a
Roman race, in which four contestants participated.

There was also a drill by a company of mounted
cavalry from Fort Meyer. This was held in the
horse show ring, which is located at Pimlice, having arrived from Marager, third prize.

Nat Byer was a visitor. He is located at Pimlice, h

NOTES OF THE TURF.

It is a notable fact that there were no scratches at either Latonia or Laurel yesterday.

The meeting at Overland Park, Denver, has't declared off for want of horses and sufficient patage. Originally scheduled for twenty-two days ran for twelve.

"Billy" Mackin, formerly well known as a book-maker on eastern tracks, died recently in New York following a surgical operation. He had little of his betting ring winnings left at the time of his death.

A report sent out from New York intimates that the Jockey Club may outlaw the meeting which it is proposed to hold at Marlboro, Md., November 13:23, under the auspices of the Southern Maryland Fair Association.

W. E. Phillips, who once raced English Lad, Minnie Adams and George C. Bennett, has arrived at Latonia from Greenville, III., to see a few days' racing. He will go to Lexington to secure a place in Kentucky for English Lad to do stud service part season.

J. I. Smith probably will ship H. H. Hewitt's string of horses to Juarez for the coming winter meeting. He has four horses at present, Coy Lad. Impression, Creme de Menthe and Gil Coy, and probably will add several yearlings to the stable la a few days.

A few days.

King George had the satisfaction of seeing his horse Dorando defeat ten others in the Autumn Handicap at Newmarket on Cesarewitch day. The distance was seven furlongs, and Dorando, ridden by Herbert Jones, was a 10 to 1 chance in the betting. There is no royal road to success on the turf, and the handicapper put top weight, 130 pounds, on Dorando, while the weights on the other twenty-six of the original entry ranged down to \$\$4\$ pounds. King George, whom the enemies of racing represented as intending never to go on the turf, has had far greater success than bis father in his first year's active connection with the sport.

COUNTRY NEAR JUAREZ TRANQUIL.

Country near juarez tranquil.

Cincinnati, O., October 29.—Turfmen now at Latonia, and intending to ship to Juarez, are much gratified to hear the cheering news from Mexico, coming from Col. M. J. Winn, from an official source, that all is peaceful, not only along the border, but far in the interior in the country which surrounds the Jockey Club Juarez race track.

Even during the period of wildest disorder in Mexico, racing proceeded with scarcely any interruption at Juarez, and such suspension as came to that track was caused by action on the American side of the Rio Grande and not from any Mexico source resulting from the cessation of street car traffic across the Rio Grande and not from any Mexico source resulting from the cessation of street car traffic across the Rio Grande the public have been transported to the course. There has never been a time when that great race track or the horsemen and their horses have been menaced by the ravages of war. Buildings, both business and civil, and homes and residences have been destroyed at Juarez, but no attempt has ever been made to molest the Juarez track or its occupants.

The talk circulated in some quarters that horsemen and horses are not safe over the border of Texas is absurd to all who are well acquainted with the true conditions of affairs there, as they have been and are today.

Everything is peaceful at Juarez now. The surrounding country is under government rule, and the prospects for a great season of racing there this winter are brighter than ever before. The accommodations for horsemen in El Paso have been vastly improved during the last two months, and when the opening of the meeting on Thanksgiving Day takes place, patrons of the sport will find accommodations in El Paso hat are equal of any to be found in any great city in this country.

The meeting will embrace 100 or more racing days with liberal purses and valuable stakes, arranged to suit all classes of horses. Some of the best horses in training will participate, with the most noted Jockeys

THE TWO-YEAR-OLD RACING QUESTION.

On the subject of two-year-old racing, the late Harry Custance delivered limself as follows: "I am not an advocate for going back to yearling or early two-year-old racing, but only wish to show that the early running of two-year-olds (unless they are big, overgrown horses) does not interfere with their stamina to any great extent. Take, for instance, The Bard. He ran sixteen times as a two-year-old, and a little horse named Folkestone, ran fourteen times while Thormanhy also started in the same number of races as a two-year-old. Of course I should not make it a rule to run all young animals so early or so often, and I only quote these instances to show that no benefit accrues by bottling up young horses unless they are overgrown or suffering from lameness, or from some other ill to which animals are subject. We have more instances of good horses running as two-year-olds than we have of those that have been kept until they are three before asking them the question. Of course, there are exceptions to every rule, and the case of Blair Athol, Doncaster, Bendigo, Merry Hampton and Common can be cited."—Exchange.

RUMBLING FROM INDIANA SEAT OF WAR.

An Associated Press dispatch of yesterday from Hammond, Ind., stated that racing would be resumed over the Mineral Springs track on Friday or Saturday of this week. Considering that jockeys, owners and horses have left the track for other parts, the statement seems a joke, but some project to secure a new technical legal point may possibly be in contemplation. A part of the dispatch says that "President A. F. Knotts of the company said Governor Marshall, who ordered out the militia to stop alleged gambling at the track, would have to keep the troops at the course all winter to prevent the completion of the fifteen-days meeting, allowed by law. It is believed here that if racing is started again troops also will be ordered out again."
